

## Premium Payment Options

Navy Mutual Aid Association offers a number of payment options to allow you to schedule your premium payments utilizing the most convenient method for you.

### ■ Pre-Authorized Checking (PAC) also termed "Quick-Pay" or "Electronic Funds Transfer"

This will allow the Association to make electronic withdrawals of your recurring premium payments from the bank account of your choice.

Details on how this option works and an authorization form to enroll may be found at [www.navymutual.org](http://www.navymutual.org) by clicking on "Download Forms" and choosing the "Quick Pay Plan" under Account Services.

### ■ Military Allotment Deduction

Premiums for this plan can be deducted from your military allotment. Please contact the Defense Finance and Accounting Service or your pay center to initiate the deduction. We are not allowed to start the allotment on your behalf.

### ■ Quarterly, Semi-Annual or Annual Direct Billing

If these payment modes are selected, then billing notices for required payments will be mailed to you based on the frequency selected. Please email us at [customerservice@navymutual.org](mailto:customerservice@navymutual.org) to change your payment mode. Please include the benefit plan number in all correspondence.

### ■ Online Bill Pay

This option can be set up through your bank web portal. Simply use your benefit plan number as the account number and the Association name, mailing address and phone number for the payee information.
